

Dear guests

We look forward to welcoming you again and presenting you our autumn menu. Even if the times are not yet completely "normal", we do everything we can to ensure that you can enjoy a carefree and safe stay. Of our approximately 50 employees, more than 90% are doubly vaccinated. Nevertheless, for the time being - and even if it is no longer required by law - we will continue to wear face masks for your protection and also for that of our employees.

But now let's put an end to the topic of "Corona". We prefer to concentrate on the highlights of this autumn, because there is a lot to experience: for example, in the months of September to November, the Bern Cultural Autumn takes place, with many attractions throughout the region. For this purpose, we have created a special journey of discovery for you in the restaurant «Taishi». In particular, we would also like to draw your attention to the Bernese "Fernweh Festival" from 29 to 31 October. In addition to various special menus, we offer a calligraphy exhibition, various Ikebana demonstrations and sushi courses on these days. The big highlight, however, will be the "Swiss-Japanese Brunch" on Sunday, 31 October. Information can be found as usual on www.fgastro.ch.

We thank you for your visit and wish you a good appetite.

Sincerely

Thomas Kübli

FRENCH FRIES AS A SIDE DISH	4.50
-----------------------------	------

Dear guests

Regarding our fish and crustaceans, the quality and freshness of the raw products is our main priority. However, besides these two factors, another is particularly important to us: Sustainable and ecologically friendly fishing. For this reason, wherever possible, our products come from farmed or sustainable fishing. Threatened species of fish have been banished from our menu. For this reason, we will no longer be serving our popular eel dish "Unagi", as well as products from deep-sea fishing. Deep-sea fishing uses trawl nets destroying the habitats of the animals and fish that reproduce very slowly.

Most of the products we offer are certified through "Friend of the Sea" (FOS). Furthermore, we take into account products with the labels: "Marine Steward-ship Council" (MSC), "Label Rouge" and "Loch Duart". Fish and crustaceans' products certified with these labels are subject to strict controls with respect to catch methods, fishing regulations and haulage of wild caught fish. With farmed fish strict attention is paid to feeding methods, density and keeping animals in a way appropriate for their species.

With this philosophy we hope to be able to offer our guests first-class products at fair prices, but particularly with fair conditions. And in 50 years too.

Enjoy your meal
